Fiscal Stress Monitoring System[®]

Municipalities in Stress Fiscal Years Ending 2019

September 24, 2020

The Fiscal Stress Monitoring System and resulting fiscal stress designations rely on data from annual financial reports submitted by local governments to the Office of the State Comptroller.

This list includes the municipalities designated in fiscal stress for the 2019 fiscal year, updated to reflect municipalities with a December 31, 2019 fiscal year end (in bold).

September 2020 Release Note: The 2019 fiscal stress scores are based on end-of-year results, and thus provide a baseline measurement of local governments' ability to respond to the financial impact of the public health crisis. We expect that the fiscal landscape will continue to change in the months (and years) ahead, and we encourage local officials to closely monitor their financial condition in the current and future budget cycles.
