6. The State receives moneys that represent refunds, pharmacy rebates, reimbursements, or disallowances of medical assistance payments previously made from appropriated State and Federal funds. These monies are initially credited to an agency escrow account and shortly after receipt are allocated and refunded to State or Federal fund appropriations from which the medical assistance payments were originally made.

At month end, the following balances remained in agency escrow accounts. Accounting entries will be made in April 2011, to reduce medical assistance spending and count these monies as financial resources of the funds shown.

7. The Health Insurance Fund - Reserve for Rate Fluctuations Account, holds health insurance dividends which are used to offset the State's contribution for employee health insurance premiums. As of March 31, 2011, the Account had a cash balance of \$165.0m, and \$54.2m in appropriation authority was available to 'offset' the State's contribution for employee health insurance. This will leave a balance of \$110.8m in available cash for future offset or refunds to participating employees and pensioners, if appropriated.

March 2011 - Exhibit A Notes (Continued)

- 8. A portion of Personal Income Tax receipts is also transferred to the State Special Revenue School Tax Relief (STAR) Fund to be used to reimburse school districts for the STAR property tax exemptions for homeowners. Local Assistance Education grant payments total \$3,234.1m for fiscal year 2010-11.
- 9. Miscellaneous Receipts includes Alcoholic Beverage Control License, International Registration Plan and Motor Vehicle Fees. In prior years, receipts from these sources were reported as Consumption/Use Taxes. For comparative purposes, the prior fiscal year Consumption/Use Taxes and Miscellaneous Receipts have been restated.
- 10. Chapter 56, Part JJ, §35 of the Laws of 2010 added State Finance Law §72(4)(b) to allow the General Debt Service Fund to maintain a cash reserve balance for the payment of debt service and related expenses in the current quarter of the State Fiscal Year. Pursuant to a certification submitted by the Director of the Budget, the State Comptroller is required to reserve in the General Debt Service Fund the amount of monies needed for these payments. At the close of the fiscal year ended March 31, 2011 the necessary payment obligations had been met out of these required reserves and certified future payment amounts to cover the first quarter of the new fiscal year, were scheduled for transfer at the commencement of April 2011.
- 11. In October and November 2010, it was discovered that some Economic Development and Housing Program Grant Disbursements, respectively, were coded as State Capital Projects. Upon further review it was determined that these disbursements should properly be reported as Local Assistance Grants. Capital Projects disbursements have been reduced and Local Assistance Grants increased in the current year as follows:

	Economic <u>Development</u>	Housing <u>Program</u>	<u>Total</u>
April	\$91.3 million	\$8.3 million	\$99.6 million
May	6.8		6.8
June	57.6		57.6
July	113.1	9.2	122.3
August	20.5		20.5
September	128.3	8.8	137.1
Year to Date	\$417.6	\$26.3	\$443.9

The same condition was identified in the prior year. The prior year disbursements for Economic Development and Housing Program have been adjusted \$438.8m and \$30.4m, respectively.

Chapter 1 of the Laws of 2002 authorized the conversion of Empire Health Choice, d/b/a Empire Blue Cross and Blue Shield from a not-for-profit corporation to a for-profit corporation. Chapter 1 requires, in part, that upon such conversion, assets representing 95 percent of the fair market value of the not-for-profit corporation be transferred to a fund designated as the "Public Asset Fund" and 5 percent transferred to a Charitable Foundation - as set forth in (s) 7317 of the Insurance Law. On December 28, 2005, Wellchoice, Inc. (previously known as Empire Blue Cross, Blue Shield) approved a takeover by Wellpoint, Inc. This conversion was also subject to the same Chapter 1 requirements of assigning assets representing 95 percent of the fair market value of the not-for-profit corporation be transferred to the "Public Asset Fund".

As of March 31, 2011, \$13,651,982.40 (representing the remaining balance of the State's 95 percent share of the fair market value of the not-for-profit corporation plus interest) is on deposit in the sole custody account titled Public Asset Fund. In accordance with Section 4301(j)(4)(F) and (O) of the Insurance Law and at the direction of the Director of the Budget, these funds are available for transfer to HCRA Resource Fund (061).

*Pursuant to §98 of the State Finance Law, the State Comptroller is authorized to invest and keep invested all moneys, in any fund, held by the State. The Short Term investment Pool (STIP) represents an accounting mechanism that allows for the separate accounting of individual funds/subfunds (on deposit in State's general checking account) for the purpose of making short term investments. Pursuant to State Finance Law §4(5) the Short Term Investment Pool is authorized to temporarily loan to the General Fund-State Operations Account (003) funds for a period of four months or the end of the fiscal year, which ever is shorter. However, it must be noted that certain funds/subfunds are invested as part of STIP, but are held by the State Comptroller in a fiduciary capacity. Fiduciary fund balances are restricted and may not be used for any State purposes since moneys in such funds are held by the State in a trustee (or fiduciary) capacity or as an agent for individuals, private organizations, or non-State governmental units (e.g. local governments, public authorities). Therefore, Fiduciary fund balances are not available to be temporarily loaned to the General Fund-State Operations Account. Fiduciary fund balances are presented in Schedules 3 and 4 of this report.

The Division of the Budget (DOB) is responsible for organizing and presenting the above schedule of 'Off Budget Spending'. Such reported disbursements are drawn from unaudited financial data provided by public authorities. Although the Office of the State Comptroller (OSC) has no reason to believe this information to be unreliable, it is important to note that these program disbursements are financed with public authority bond proceeds deposited directly into public authority accounts and all disbursements are made without any oversight by the OSC. Therefore, and pursuant to the provisions of Chapter 60, §16, of the Laws of 2006; this schedule is provided for information only.

Schedule of Month-End Temporary Loans Outstanding March 31, 2011

Temporary Loans are authorizations enacted by the Legislature to allow certain funds/accounts to make appropriated (cash) payments where the funds/accounts do not have sufficient (available) cash on deposit to make such payments. Such loans are made from the State's Short-Term Investment Pool (STIP) and are intended to satisfy **temporary** cash flow needs whenever scheduled disbursements exceed available revenues during the fiscal year. Generally temporary loans are repaid from the first cash receipts of the fund/account. Temporary Loans are authorized pursuant to Subdivision 5 of Section 4 of the State Finance Law and yearly legislation.

It is the prudent and proper practice of the State Comptroller's Office to reduce the (spendable) cash balance of appropriated fund balances at the time that checks and electronic payments are issued. The concept of monitoring 'spendable funds' is employed by the State Comptroller in the central accounting system to ensure that all disbursements (including checks and electronic payments that are future dated) do not exceed the cash available to finance ongoing payments made from the State Treasury. Therefore, the amount of Temporary Loans (from the short-term investment pool) reflects the spendable fund balance, reduced for certain local assistance payments made in the reporting month that had a check or electronic payment date in the following month. The temporary loan balances for the all funds reflect the 'actual' fund cash balances as of the close of business on the last day of the reporting month and are not adjusted for future-dated check and electronic payments. Furthermore, tax receipts remitted to the State on the last business day of the month are drawn into the State Treasury on the first business day of the next month. These final tax receipts are reported by the Department of Tax and Finance as tax collections for the reporting month but have no impact on the month-end temporary loan balance since such receipts were not available until the first business day of the next month. Post-closing adjustments are taken-on to the State's cash-basis financial statements to count future dated payments in the month of the check or electronic payment and tax revenues in the month that these were received.

Please refer to Schedule 1 for a detailed analysis of the 'reported' cash balances of the fund groups.

Temporary Loans are authorized pursuant to Subdivision 5 of Section 4 of the State Finance Law and Chapter 56, Part JJ, Section 1 and 1A, of the Laws of 2010-11. The loans represent authorizations made by the Legislature to allow certain funds/accounts to make appropriated payments regardless of the fund (cash) balance.

Such loans are made from the State's Short-Term Investment Pool (STIP) and are intended to satisfy temporary cash shortfalls whenever scheduled disbursements exceed available revenues during the fiscal year. Generally, temporary loans are repaid from the first cash receipts of the fund or account; however, in some cases actual

revenues are not sufficient to repay all loans made to the fund or account and a transfer from the General Fund "Repayment of Receivables" appropriation is approved by the Budget Director.

NOTE:

- Includes all negative cash balance Subfunds within fund 261.
- Includes all negative cash balance Subfunds within fund 265. (3)
 - Includes all negative cash balance Subfunds within fund 267.
 - Includes all negative cash balance Subfunds within fund 269.
- (5) - Includes all negative cash balance Subfunds within fund 290. - Includes all other negative cash balance Subfunds within fund 291.
- The Fund 291-10 temporary loan balance includes \$170.3million of costs previously disallowed by the Federal Highway Administration. (7)
- These costs are systematically being transferred to Fund 072-01 based upon a realignment plan with the Department of Transportation.
- Except for DOT-Highways (see note 7), temporary loans to federal funds are typically reimbursed with in 2-3 days. Such loans are made pursuant to federal regulations which require the State to disburse funds prior to making a reimbursement claim from the U.S. Treasury.
- Per Section 72 of the State Finance Law, the General Fund includes the Local Assistance Fund 001 and State Purpose Fund 003.
